## BABY MASSAGE CLASSES FUNDRAISER FOR THE DESILVA FAMILY

---

Emma & Eloise DeSilva, just days before their horrific accident.

Baby massage classes with **IAIM** are a wonderful way for parents and babies to bond together. They offer many benefits for babies such as more relaxed sleep, improved digestion, more settled moods and even improved mental health!

Classes listed here are being held specifically to help raise funds for the **DeSilva Family**, who know better than most about the power of touch between a parent and a baby. Read more & watch their story at: [www.iaim.org.au](http://www.iaim.org.au)

### **IAIM Infant Massage courses:**

- consist of five sessions, each lasting for about 1 ½ hours
  - are held once a week, for five weeks
  - are run by fully trained IAIM Instructors
- are suitable for all babies up to 12 months of age, and their families

Attending these classes normally costs around \$150. However, all Instructors have waived their fees for the courses listed below and volunteered their time. Instead of paying the usual fee to attend the class, parents are asked to make a minimum donation of \$150 (which is fully tax-deductible).

100% of proceeds\* will be passed directly on to the Emma DeSilva Foundation.  
Details for the making the donation will be provided upon enrolment.

**Places are limited and bookings are essential!**

**See over page for class locations and times.**

IAIM is a registered Children's Charity and partner to the World Health Organisation Maternal, Newborn and Child Health Program.

Our vision is that, one day, all children and parents will experience the lifelong benefits that come from having early relationships that are loving, healthy and secure.
